

JACKS ADVENTURE

Name: Kaydn, Jack and Liam

Date 7.12.18

Jack is addicted to Minecraft and pretty much plays it every day for hours on end.

Yes! I got a friend request.

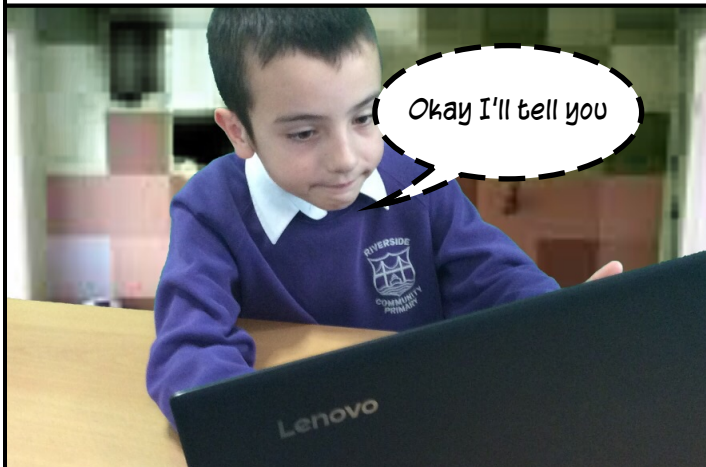

Jack gets a friend request from Kaydn and Liam and is so excited because he's never had one before!

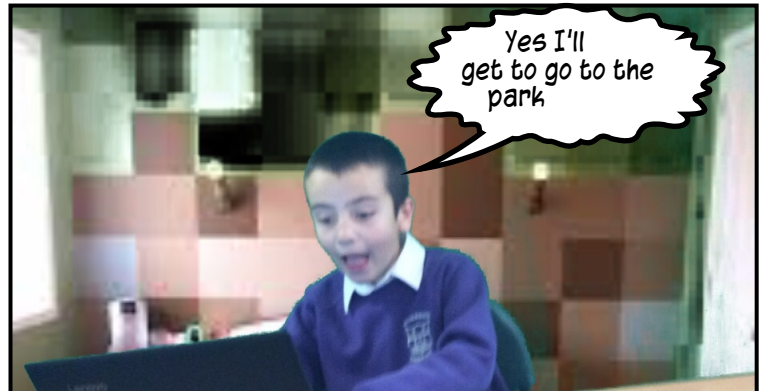

Jack plays Minecraft with Liam and Kaydn every time he gets an opportunity to. They become huge 'Friends' or are they ...

His 'new friends' Kaydn and Liam ask him a bit too much personal information.

Jack cracks under pressure and gives his personal information to Kaydn and Liam including his address and his phone number.

But thankfully Jack's e-safety lessons kick in and he remembers not to meet strangers he's met online. He lets his Mum and Dad know what's been happening and they decide it's best to inform the Police.
