

RIVERSIDE COMMUNITY PRIMARY SCHOOL

8th June 2021

Dear Parents & Carers

Welcome back after the half term break, it finally feels like summer has arrived and we can hopefully enjoy the sunshine for the rest of the term.

Covid Rules

Please can I remind all parents that we, as a school, are still working under the strict rules imposed by the government. These rules have allowed us to be a safe environment where learning has continued.

Until the rules are changed by the government can I please ask parents to continue to comply with the following:-

- Do not send their child to school with a new continuous cough, high temperature or loss of smell or taste.
- Wear a mask when on school grounds
- Maintain a social distance gap at all times
- Try if possible to contact the school by phone rather than in person

Summer School by Fit and Fed

The Fit and Fed scheme will be running through the summer holidays, we will send out more information on this in due course.

Sports Days

Foundation 5th July
Years 1,2+3 7th July
Years 4,5+6 8th July

Unfortunately this year's sports days will be held behind closed doors without parents. We are disappointed at this but feel we have no choice while the current restrictions apply.

On your child's sports day can you please send them to school wearing their PE kit and if possible wearing a t-shirt in the appropriate colour of their school house team.

School start and finish times

Over the year we have been running a staggered start and finish time at each end of the school day. These times will remain until the end of this school year and we hope we are able to return to our original single start and finish time in September.

Breakfast Club

A reminder that the club starts at **8:00am** and children are not supervised before this time. We have had a number of children left at the school gates around 7:45am and they are not supervised at this time.

Sunhat and sun cream

Just a small reminder to parents that as the weather is warming up children are encouraged to bring a labelled sun hat and sun cream to school to wear at break and lunchtimes. The children are able to apply the sun cream themselves before going out in the sun.

Finally

As the weather starts to warm up and hopefully we spend more time outside, please can I remind you of the importance of hearing your child read every night. Some of our pupils have read over 100 books this year already and you can help your child to achieve their potential by hearing them read and sharing books every night.

Yours with thanks

B Jones
Head Teacher (08.06.21)

After reading the recent newsletter, I would like to make the following comments:-
